Meeting Minutes

Committee Members Present: Ms. Dee-I, Ms. Chappell-I

Staff Present: Mr. Jones-I, Dr. Bailit-R, Dr. Chehade-R, Dr. Golob-I,

Dr. Lewis-I, Dr. Mercer-I, Ms. Sawyer-I, Ms. Rajki-I,

Ms. Dethloff-I

Guests: Victoria Bowser-R, Eileen Hayes-I

Ms. Chappell called the meeting to order at 3:35 p.m., in accordance with Section 339.02(K) of the Ohio Revised Code.

(The minutes are written in a format conforming to the printed meeting agenda for the convenience of correlation, recognizing that some of the items were discussed out of sequence.)

Ms. Chappell informed the committee that Mr. Jones returned as Interim Senior Vice President, Campus Transformation while a search is in process for a replacement. The Committee members are happy to have Mr. Jones back at MetroHealth as Interim.

Mr. Jones announced his elevation to the College of Fellows of the American Institute of Architects (FAIA) status.

Mr. Jones introduced Eileen Hayes, Director Transition, Activation and Operational Readiness to the Committee. Ms. Hayes has a very broad range extensive skillset from her previous experience which the hospital has utilized her efforts to lead, activate and complete The Glick Center. Ms. Hayes will be elevated to Vice President status. Dr. Mercer stated, for the record, that at last week's Council of Chairs meeting, Ms. Hayes was recognized for being particularly helpful and collaborative with the transition.

I. Approval of Minutes

The minutes of the November 21, 2022 Facilities and Planning Committee meeting were approved as submitted.

II. Information Items

Campus Transformation Status Update – Walter Jones, Interim Senior Vice President, Campus Transformation

Mr. Jones displayed the Campus Transformation dashboard showing the progress of the project up to date which goes through the end of December 2022. An update to the Dashboard will take place in the first quarter of 2023.

Mr. Jones provided an update to the Committee on current activities. The Helipad and Morgue Cooler Replacement will both be completed end of March 2023. The Lab Automation line installation will be completed April 2023. The CP 1 Renovation (CCP 1st floor backfill) is scheduled for completion in Fall 2023.

Reporting on the next step for the Campus Transformation, a "state of the state" review for The Glick Center, Apex and ambulatory enabling projects (AEP) will be conducted using the interview and survey techniques of post occupancy evaluations (POE). The areas of study will focus on the clinical, academic, administrative, research, Legacy buildings and infrastructure along with other values. The engagement communication structure will comprise of the Steering Committee and stakeholders, users and occupants in a workshop format.

Campus Transformation Report – Eileen Hayes, Director Transition/Activation & Operational Readiness

Ms. Hayes provided an update to the Committee on the Campus Transformation current status and progress. The Women & Children Relocation to CCP has been completed. ODH Facility Survey was conducted January 17 and 18, 2023 which was very successful. The Ribbon Cutting and "Sip & See" Community Event was held January 19, 2023 approximately 200 people attended. The relocation of Labor and Delivery, High Risk Antepartum, Postpartum & NICU was successfully completed on January 25, 2023. The NICU rooms are all private rooms. The parents of the babies in the new unit received little onsies that reads "Hope Delivered."

Ms. Hayes reported to the Committee that a change in Owner's Representative occurred. With the Glick Center and Women & Children projects complete, MetroHealth System made a decision to conclude the contract with Hammes on March 2, 2023. Effective January 31, 2023 Signet began the transition process with the team from Hammes and will closeout the remainder of the project.

Facilities and Planning, Design & Construction Update – Karen Dethloff, Vice President Facilities and Construction

Ms. Dethloff provided an update on the Facilities and Planning, Design and Construction accomplishments since November. The Facilities staff completed 100% of preventative maintenance work orders in 2022equalling a total of 79,000 work orders. During all of 2022 Facilities Management staff supported over 200 utility shutdowns by assessing utility distribution, user impacts and potential mitigation strategies to ensure a safe shutdown, and to minimize down time and disruption to operations. The Facilities Management leadership team also oversaw over 70 capital infrastructure projects in 2022 and are operating the Glick Center and current main campus buildings with no increase in staff.

Ms. Dethloff reported on the opening of the Visitor Garage and a second Spry Senior Care Brookpark opened in November 2022. Construction of the Vector Clean Lab was completed in December.

Ms. Dethloff provided a list of Facilities Management capital projects that were initiated in 2022 and provided an update on the projected milestones on the Ambulatory Enabling Project at several sites.

III. Recommendation/Resolution Approvals

A. Recommendation to the President and Chief Executive Officer of The MetroHealth System to approve Owner's Representative/Project Management Service Providers.

After some discussion of the proposed resolution, the Committee approved the recommendation for full Board action.

There being no further business to bring before the Committee, the meeting was adjourned at approximately 4:30 pm.

Respectfully submitted,

Walter B. Jones, Jr.
Interim Senior Vice President, Campus
Transformation

STUDY PROGRESS

IN PROCESS

Guiding Principles

- 1. Create a positive patient and visitor experience
- 2. Prioritize clinical programs within space that can support clinical functions
- 3. Create a positive staff experience
- 4. Align the Mission with financial success
- A collaborative team environment for academic, clinical & research staff
- 6. Efficient staff operations
- 7. Design for growth & flexibility
- 8. An administrative workplace that supports work being performed
- 9. A facility that is an integral part of the community

1. Listening Sessions

Common Themes

- Clarity on strategic assumptions & impact on space at main campus & off-site locations
- Identification of programs/services/support lacking in Glick & perceived lacking in Apex
- Uncertainty of workflows for shared workspaces
- Lack of private provider/resident workspace to support learning
- Lack of physical access for patients brought in on carts
- Location of services & adjacencies
- Space to accommodate growth
- Connection to main campus

2. Assessment

Identified core working groups to review, assess & prioritize the identified issues:

- Main Campus Inpatient
- Main Campus Outpatient
- System Inpatient/Outpatient Sites
- Provider Administrative Workspace
- Corporate Administrative Workspace
- Research, Education & GME
- Community Engagement

Next Steps

- Refinement of ambulatory volume assumptions
- Development of space solutions
 Study of CT 2.0 main campus plan(s) including renovation/rebuild/replacement options of legacy buildings
- Preliminary recommendations anticipated June
 1, 2023
- Final recommendations anticipated June 15, 2023

Facilities Management Update

Karen Dethloff, VP Facilities Management

FM Major Accomplishments since February

The FM management team worked with Glick engineers to ready the new BMT/STEM Unit for their first patient, including the creation of a Cell Lab in Rammelkamp.

In collaboration with Legal, Finance and Supply Chain developed a new electric supply agreement in advance of the impending increase in CEI electric rates; new rates will be less than half the CEI rates.

Brian Kittrick, assistant director for Electrical Systems went above and beyond to resolve an issue with one of the Cleveland Heights Behavioral Health Breakers, which intermittently tripped, shutting down kitchen equipment, nourishment rooms and patient TVs. He made numerous calls to the manufacturer and set up recording meters until he obtained the solution from the manufacturer.

FM team is working with the construction professionals to address open issues in both the Glick Center and Behavioral Health buildings.

Supported the Minority Men's Health Fair with floor plans, maps, coordinated logistics with EVS and ensured a safe environment

Expect to hire two Health Care Management student interns this summer

QUESTIONS?

RECOMMENDATION TO THE PRESIDENT AND CHIEF EXECUTIVE OFFICER OF THE METROHEALTH SYSTEM FOR SELECTION OF PRE-AUTHORIZED PROFESSIONALS

Recommendation

The Interim Senior Vice President, Facilities, Construction and Campus Transformation recommends that The MetroHealth System approve certain Pre-Authorized Professionals consistent with System policy GEN-88, for services to be provided during the period of June 1, 2023, through June 30, 2024, with aggregate costs not to exceed \$50,000 per assigned project per Professional. The fees for the Pre-Authorized Professionals will be paid out of available and authorized operating and capital funds as needed. The list of Pre-Authorized Professionals is shown in the attached Exhibit A.

Background

MetroHealth's policy GEN-88 permits the annual selection and authorization of certain Pre-Authorized Professionals subject to project-based spending limits as approved by the Board of Trustees.

Fifty-nine (59) Professionals responded to the System's publicly advertised Request for Qualifications ("RFQ"). Following review, all fifty-nine (59) Professionals were determined to meet the prequalification requirements listed in the RFQ, and management recommends that all fifty-nine (59) Professionals listed in Exhibit A be listed as Pre-Authorized Professionals.

Approval of Selection of Pre-Authorized Professionals

RESOLUTION XXXXX

WHEREAS, the Board of Trustees of The MetroHealth System has been presented a recommendation for appointment of certain Pre-Authorized Professionals consistent with System policy GEN-88; and

WHEREAS, the Board's Facilities and Planning Committee has reviewed this recommendation and now recommends its approval.

NOW, THEREFORE, BE IT RESOLVED, the Board of Trustees of The MetroHealth System hereby approves certain Pre-Authorized Professionals consistent with System policy GEN-88, for services to be provided during the period of June 1, 2023, through June 30, 2024, with aggregate costs not to exceed \$50,000 per assigned project per Professional. The fees for the Pre-Authorized Professionals will be paid out of available and authorized operating and capital funds as needed. The list of Pre-Authorized Professionals is shown in the attached Exhibit A.

BE IT FURTHER RESOLVED, the President and Chief Executive Officer, or her designee, is hereby authorized to negotiate and execute agreements and other documents consistent with this resolution.
