2012 Annual Report

Because of MetroHealth... means different things to different people depending on your experience with MetroHealth. For us, after celebrating MetroHealth's 175th anniversary in 2012, we are proud to say that because of MetroHealth, life-long quality care continues to be available for the entire population of our region.

One in every seven Cuyahoga County residents received care at MetroHealth in 2012. With our main campus and 16 health centers throughout Cuyahoga County, we offer the convenience of accessing care close to home.

Because of MetroHealth, more than \$797 million annually is infused into our regional economy, according to a recent Cleveland State University economic study.

Because of MetroHealth, cutting-edge scientific research and medical education, supported in part by donors to The MetroHealth Foundation, continue to be at the forefront of health care here and around the world.

In this Annual Report, you will see the facts and statistics that portray our commitment to our mission of saving lives, restoring health and promoting wellness.

We think people telling their individual stories best illustrate what it means to say, "Because of MetroHealth..." Therefore, please turn the pages and read what our patients and donors have to say.

Sincerely,

Thomas McDonald

Chair, Board of Trustees
The MetroHealth System

Dr. Edward R. Hills

Interim President and CEO
The MetroHealth System

David C. Jacobs

Chair, Board of Directors

Because of MetroHealth... I'm getting hugs and kisses again

"When Alex was 20 months old, I was sensing that there might be something wrong. He didn't speak at all and often seemed expressionless. I took him to MetroHealth to see a pediatrician, Dr. Maria Isabel Herran. She did a complete exam and referred us to Dr. Robert Needleman, a pediatric behavioral specialist. Of course, it was devastating to find out that Alex has autism. No one wants to hear that about their child, but we've come a long way since first getting the diagnosis. MetroHealth has helped me to understand Alex's special needs and has taught me how to work with him. There already has been improvement. The biggest reward is when he looks at me, wraps his arms around me and gives me kisses. I call Dr. Herran 'my angel.'"

– *Maria, Alex's mother*

DOCTORS:

Maria Isabel Herran, MD, FAAP
Director, MetroHealth Pediatric and Adolescent Hispanic Clinic
Assistant Professor, Case Western Reserve University School of Medicine

Robert Needleman, MD, FAAP
Pediatrics
Professor, Case Western Reserve University School of Medicine

Because of MetroHealth...

I'm doing 50 laps three times a week

"When I hobbled into MetroHealth and was asked how bad my back pain was, on a scale of one to ten, I said, 'There's no number I know of that's high enough to measure this pain.'" Dennis was suffering from advanced scoliosis exacerbated by spinal stenosis. This painful pairing had sidelined Dennis from his previously active life. A complicated two-part neurosurgery performed by Michael P. Steinmetz, MD, rebuilt Dennis's spine. "A few days after Dr. Steinmetz operated on me, I walked out of the hospital and told anybody who would listen, 'My pain is a zero now,' and that's where it's remained."

– Dennis

CROSSFIT
SOUTHWILLS

Because of MetroHealth...

I found my strength again

"I was a physical therapist whose physical condition was deteriorating. I couldn't uncurl my fingers, and my feet and arches hurt all the time. I was trying to help other people while I was wondering what was happening to me. After numerous tests, my doctor diagnosed hyperparathyroidism caused by a benign tumor on one of my glands. Unfortunately, during surgery, the location of the tumor couldn't be found. Even though I live in another state, I was referred to Dr. McHenry at MetroHealth in Cleveland. Using sophisticated technology, he was able to find the elusive tumor and remove it. I started feeling much better within days. Today, because of MetroHealth and Dr. McHenry, not only am I doing physical therapy full time, but I'm also doing CrossFit*. I'm back!"

Because of MetroHealth...

Life is an open canvas

"I'm a working mom with a zest for life. But, it wasn't always that way. For 15 years, I suffered from gynecological pain and extreme fatigue. I had lost my motivation – even my dogs knew I was miserable. It hurt to walk, and I couldn't sit through my son's sporting events. After visiting numerous gynecologists, it seemed I had tried everything. Finally, I went to Dr. Pollard, who explained every possible diagnosis and available procedure. Ultimately, an ultrasound followed by surgery confirmed that I had severe endometriosis. I had my minimally invasive hysterectomy at MetroHealth, stayed one night at the hospital, and within days was back to caring for my children and painting tapestries at work. Today, because of MetroHealth and Dr. Pollard, I am back to enjoying life and its many possibilities!"

— *Lawna*

Milt and his wife, Kathleen

Because of MetroHealth...

I was walking among palm trees again last winter

"I was stunned when an oncologist told me that I had a rare type of cancer in my liver, and it would not respond to chemotherapy or radiation. Luckily for me, my doctor referred me to Dr. Natalie Joseph at MetroHealth. Dr. Joseph told me that only about 25 percent of the cases like mine are eligible for surgery. Again, I was lucky, and surgery was performed on January 25, 2012. I was in surgery for many hours, spent five days in intensive care, two days in a step-down unit and conscientiously did physical therapy at home for months. My latest scans and blood work showed no recurrence of cancer. If it weren't for Dr. Joseph, her assistants and other staff at MetroHealth, I know I would not be here today."

– Milt

Quality care is in your neighborhood

Linda and Larry November

Mort and Iris November

November Family Makes \$1.5 Million+ Gift to MetroHealth

In 2010, Mort and Iris November made their first gift to MetroHealth, a Hector Vega public art sculpture entitled "Grow Love," dedicated in memory of Mort's daughter, Debra Ann November. Committed to MetroHealth's mission of increasing accessibility with additional health centers throughout Cuyahoga County, the November Family – Mort, Iris and Mort's son and daughter-in-law, Larry and Linda – donated \$1.5 million to The MetroHealth Foundation.

Robert and Lenore November

Robert November, Mort's brother, added a generous gift, in loving memory of his wife of 60 years, Lenore. In recognition of the generosity of the entire November Family, MetroHealth's newest site is named the MetroHealth Middleburg Heights November Family Health Center. It will provide primary care, *MetroExpressCare* and multiple specialties. Larry November says, "I experienced the outstanding care provided at MetroHealth firsthand. We are pleased our gift will help others have access to such high-quality, compassionate care." Robert November adds, "I wanted to do something meaningful in Lenore's name. This is my opportunity to do something good for the benefit of other people, and it makes me feel good."

One of 16 neighborhood health centers, the MetroHealth Middleburg Heights November Family Health Center will open in July 2013. Its patient-centric design promises easy navigation in pleasant surroundings. From the ample free parking and electronic check-in kiosks to the state-of-the-art technology and comfortable exam rooms, this health center is the prototype for additional MetroHealth neighborhood centers in the future.

Because of MetroHealth...

An esteemed physician's work lives on

A problem solver by nature, Brown M. Dobyns, MD, PhD, conducted research leading to the invention of the directional Geiger counter in the late 1940s and revolutionized the way thyroid disease was diagnosed. An internationally renowned thyroid surgeon, Dr. Dobyns began his career at MetroHealth in 1951 as Assistant Chief of Surgical Services and later became Associate Director of Surgery. For many years, he treated thyroid cancer victims in the Marshall Islands, utilizing his research to improve their lives. "His integrity and caring for individuals, his devotion to his career and his creative manner of thinking and discovering set him apart from others," said his daughter M. Meredith Dobyns, MD.

Among his many accomplishments, Dr. Dobyns served locally as president of the Cleveland Surgical Society and nationally as president of the American Thyroid Association. His local and national honors include being named to the Cleveland Medical Hall of Fame, The MetroHealth System Medical Hall of Honor and Who's Who in America. When he was in his 40s, he became a full professor at Case Western Reserve University School of Medicine.

M. Meredith Dobyns, MD, explains, "The endowment provides for annual lectures, in perpetuity, that will further the development of endocrinology and endocrine surgery. I feel it's important for me to honor my father and to encourage others to carry on the work to which he devoted his life."

M. Meredith Dobyns, MD,
Establishes The Brown M. Dobyns, MD, PhD,
Endowed Lectureship in Endocrine Surgery

Because of MetroHealth...

Cancer care is gentler and kinder

The people on this page share a direct or indirect relationship to cancer, and the commitment to help. Their financial support means that cancer care at MetroHealth, already at a high level of expertise, will be enhanced by the creation of a more soothing patient environment.

At the MetroHealth Cancer Care Center, a multi-disciplinary team delivers total cancer care under one roof. Advanced technology and expert medical care promise comprehensive and compassionate medical care. A renovated waiting room and healing garden would add a therapeutic effect.

The Cancer Care Center's Vision Advocacy Council (VAC), a volunteer group that increases philanthropic support, has taken on this cause as have several individuals. Together, they have raised over \$270,000 for this effort. Whether it is a grateful patient, a thankful spouse or two young girls holding a bake sale "to help people with cancer," each donor has a deeply personal reason for their connection, yet is improving care for many. As Timothy O'Brien, MD, Director, MetroHealth Cancer Care Center says, "This project allows us to address the intangible yet very real aspects of caring for the whole person."

MetroHealth Salutes Dedicated Leaders

Ron Fountain completed 16 years of service to The MetroHealth System Board of Trustees by leading as Chair from 2010 to 2013. During many changes and growth for the System, he was MetroHealth's champion. His business acumen, especially regarding organizational change and finance, greatly contributed to MetroHealth's accomplishments. We thank Dr. Fountain for his years of leadership, dedication and support.

In 2012, William S. Gaskill retired from 32 years of service to The MetroHealth System Board of Trustees after leading as Chair, 1985-1990, and again, 2007-2009. He guided the hospital as it evolved to meet the health care needs of the community. He received the Edward F. Meyers Outstanding Trustee Award for distinguished leadership. Mr. Gaskill continues to deliver fine service to MetroHealth as a hospital volunteer.

After 29 years of dedicated service, Donna Kelly Rego retired from The MetroHealth System Board of Trustees in 2012. As Chair from 1991 to 2007, she utilized her interpersonal skills to cultivate effective leadership and collaborative alliances, and steered MetroHealth through many complex transitions. We appreciate her tireless advocacy for MetroHealth and her dedication to our mission and patients.

In December 2012, Mark Moran left his role as President and CEO, after serving beyond his initial contract. He led MetroHealth through a successful financial turnaround while delivering on the core mission of providing outstanding care for all. We are grateful for Mr. Moran's leadership in directing the organization on a positive path of increased accessibility and sustainability, with operations in the black for five consecutive years.

MetroHealth physicians thank *you*, our donors

In the beginning of this Annual Report, you heard from our patients about their experiences here at MetroHealth. They, and all of our patients, benefit from the generosity of our donors.

You are integral to the work we do here at MetroHealth. Your donations support the patient care, medical education and research that make MetroHealth a leader in health care. With your help, we are able to create easier access to quality care, provide advanced training opportunities and develop the research that will change and save lives. Every day, we see the effects of your generosity. Thank you for partnering with us to serve our community.

Generations Society members celebrated two birthdays at their annual luncheon – MetroHealth’s 175th and Metro Life Flight’s 30th.

Lifetime Giving

It is through the continued generosity of donors that MetroHealth is able to fulfill its mission as an academic health care system committed to our communities by saving lives, restoring health, promoting wellness, and providing outstanding, life-long care accessible to all.

The following donor societies have been created to recognize and express gratitude to these individuals, corporations, organizations and foundations that have shown their support of MetroHealth.

Emanuel Wolinsky, MD, Society

2011 MetroHealth Medical Hall of Honor Inductee

An international authority on infectious diseases, Emanuel Wolinsky, MD, (1917-2012) turned his own personal battles with tuberculosis into an opportunity to conduct landmark research on drug therapies for the disease. Dr. Wolinsky's work was so highly regarded that the International Working Group on Mycobacterial Taxonomy designated *Mycobacterium wolinskyi* in his honor. The Emanuel Wolinsky, MD, Society honors donors who have lifetime giving of \$10 million or more.

Corporations, Organizations and Foundations

Saint Luke's Foundation

Roy W. Scott, MD, Society

2011 MetroHealth Medical Hall of Honor Inductee

Noted as a brilliant educator and researcher, Roy W. Scott, MD, (1888-1957), former director of the Department of Medicine at City Hospital (now MetroHealth), took great pride in educating medical students, many of whom went on to achieve remarkable careers as physicians, teachers and investigators. The Roy W. Scott, MD, Society recognizes donors who have lifetime giving between \$1,000,000 and \$9,999,999.

Kenneth W. Clement, MD, Society

Kenneth W. Clement, MD's, (1920-1974) dedication to public health is renowned. A tireless advocate of preventive medicine and access to quality care, Dr. Clement was appointed to several presidential advisory councils, including one that recommended the establishment of the groundbreaking Medicare program. The Kenneth W. Clement, MD, Society honors donors who have lifetime giving between \$10,000 and \$24,999.

Hulda Amstutz, RN, Society

Hulda Amstutz, RN, (1885-1981) was a health care visionary who embraced the practice of holistic health – caring for the whole person and honoring the dignity and worth of every patient. She founded the outpatient clinic at City Hospital (now MetroHealth) in 1923 and directed it until her retirement in 1946. Donors who contribute between \$5,000 and \$9,999 are recognized in the Hulda Amstutz, RN, Society.

Annual Giving

Annual Giving

Ongoing annual support is vital to ensuring MetroHealth remains a source of outstanding, life-long care accessible to all. We gratefully acknowledge those who made gifts of \$100 or more in 2012. The generosity of our donors allows MetroHealth to continue to make a difference in the lives of others.

Memorials and Tributes

Memorial and Tribute Giving

Memorial and tribute gifts create a lasting remembrance of a loved one or honor a special person or event. We are grateful to those who chose to make a memorial or tribute gift in 2012.

Each of our donors plays an important role in helping us achieve our mission. We have made every effort to accurately present the names of the MetroHealth supporters listed in the previous pages. However, if there are revisions to how a particular name should be listed in the future, please contact Nordeen Kronika at nkronika@metrohealth.org or 216-778-5760.

For more information on supporting MetroHealth, contact Robin Blass at rblass@metrohealth.org or 216-778-5004.

If you wish to not receive any fundraising communication supporting The MetroHealth System or The MetroHealth Foundation, please contact The MetroHealth System's Development Department by email at mhfdevelopment@metrohealth.org or by phone at 800-325-5605, ext.85665 (calling from Ohio) or 800-554-5251, ext. 85665 (calling from outside Ohio).
