

Primary Care Physician - Cleveland

At **Spry Senior**, we believe that bringing together passion, purpose and inspiration puts us a step above the rest in providing coordinated care to patients 65 years and older. We believe that patients thrive when there is a connection between healthcare, wellness, and community. We believe that when physicians are inspired about helping their patients live their healthiest lives, patients succeed.

Spry Senior provides holistic, primary care, focused on preventative care, as well as management of chronic and complex medical conditions. Our dedicated team of providers offer longer appointment times and see patients more often through in person and tele-health visits. This keeps us connected to our patients and responsive to changes in their health, while keeping patients engaged in their care. We screen for and provide timely support and resources to eliminate any gaps in social determinants of health and provide on-site community programming that encourages a socially active and healthy lifestyle.

If you are a Board-certified or Board-eligible Internal Medicine, Family Medicine or Geriatric Medicine physician that is looking for an opportunity to join a new senior care practice in the Cleveland market and that is committed to providing a coordinated approach to primary care for Medicare and Medicare Advantage patients, then joining **Spry Senior** may be what you are looking for.

As a **Spry Senior** provider, you will benefit from the following:

- A competitive, non-RVU based salary, including bonus opportunity for achieving quality and value-based metrics
- A work-life balance and a panel size of 500 patients
- Longer appointment times with your patients along with dedicated time in your schedule to focus on ongoing care management of your panel and timely follow-up
- A care model that focuses on Quality and outcomes rather than volume of patients and services

- Use of Epic EMR for documentation and MyChart for improved patient communication and care involvement
- A supportive clinical care team including an NP, RN, and dedicated MA
- Onsite and tele-support of integrated services such as BH, SW, Podiatry, Dental Health and Pharmacy, and
- Alignment with a major academic health system for coordination of specialty care, management of chronic and complex conditions and post-acute care, when needed

Additionally, **Spry Senior** is affiliated with a major health system, which provides for collaboration in care, innovation for our vision and strength in our market within the older adult primary care space.
