Cosmetic Dermatology Services Menu

MetroHealth's Cosmetic Dermatology team offers a wide range of services to help you look your best. All services include a professional skin-care evaluation and access to skin-care products that are available only from a medical office. Our physicians and aestheticians are eager to meet with you and begin working on fulfilling your cosmetic desires. To learn more, speak to one of our skin specialists.

To make an appointment, call 216-788-3376 (DERM) and leave detailed message. We will contact you within two business days.

Microdermabrasion

Please note that services vary by location

Relax with our DiamondTome® certified staff while they perform a diamond tip customized microdermabrasion. This procedure will exfoliate all built-up skin cells, leaving behind fresh, young, and more radiant skin. This service provides remarkable results with aging skin, fine lines and uneven skin tone and texture. Multiple treatments are needed to achieve optimal results. Microdermabrasion can be added to any service to enhance your facial experience.

\$100 per treatment, \$240 for three

Dermaplaning

Dermaplaning is a skin-care treatment that removes dead skin cells and fine facial hair. An aesthetician uses a tiny sterile blade, holds the skin taut and swipes the blade and light upward motions to gently remove excess skin cells and fine facial hair. The procedure is done on clean, dry skin on the forehead, cheeks, chin, nose, and neck. You will see an instant improvement in skin texture and tone. The long-term benefits include increased cell turnover, fewer wrinkles and dark spots, reduction of acne scarring and the removal of fine facial hair.

\$80 per treatment

\$130 when combined with Microdermabrasion or a peel

Glycolic acid peel

These quick, minimal downtime peels will help reduce the signs of aging, fine lines, and photo damage. They promote a more even skin tone and texture. Ideal results are achieved when done in a series of treatments, 2-3 weeks apart.

Glyderm glycolic peel \$50 for 1 or \$125 for a package of 3 (only available at Main Campus)

Glytone glycolic peel \$80 for 1 or \$200 for a package of 3 (only available at Beachwood Health Center)

Salicylic Acid Peel

This beta-hydroxy acid peel is particularly effective for those with oily skin who frequently suffer from acne and clogged pores. The salicylic acid will penetrate the blemished top layer of skin, revealing smoother, more even-toned skin.

Back: \$90 per treatment, \$125 for three

Beta salicylic acid peel \$50 for 1 or \$125 for a package of 3 (only available at Main Campus)

Glytone Salicylic acid peel \$80 for 1 or \$200 for a package of 3 (only available at Beachwood Health Center)

The Perfect Derma® Peel

This medical grade facial provides dramatic results for discoloration/scarring, rosacea, acne, refining pores, uneven texture, fine lines and overall radiance. The Perfect Peel contains Gultathione, a key anti-aging, deep-penetrating antioxidant, which battles premature wrinkling. This peel is perfect for all skin types, including sensitive. It takes only minutes to perform. Peel can be expected to last 5-6 days. This service is suggested in a series of three for maximum results.

\$200 per treatment; \$500 for three

Extraction Facial Treatment

Targeted to your specific needs and challenges, the extraction facial includes an exfoliation masque with extractions.

\$85 per treatment

Injectables

We offer various facial injectables to ensure your face looks as youthful as you feel! Fillers such as Juvederm, Radiesse, Restylane, Volume and Belotero smooth away unwanted wrinkles and add volume to your skin to give you a more youthful appearance. Dermal fillers last varying lengths of time. Our team will guide you to the ideal filler to match your personal needs. We also offer Botox to eliminate wrinkles and smooth away unwanted lines in your face.

\$300+ per treatment

Laser Treatments

Our offices offer various laser therapies that target pigmentation issues, scarring, veins, lesions and fine lines to improve the surface of your skin. Concentrated pulses of light resurface your skin and minimize the signs of aging. Downtime will vary depending on the level and type of treatment.

\$150+ per treatment

Laser Hair Removal

Effective and safe laser-based technology to remove your unwanted hair. Multiple treatments are needed to achieve optimal results. Consult with our dermatologist to see if you are an ideal candidate.

\$145+ per treatment

Microblading

A form of semi-permanent makeup that provides a means to camouflage missing eyebrow hair partially or fully with the appearance of simulated hair strokes using fine deposits of cosmetic tattoo pigments with a very natural-looking result. This is a three-part service. Consultation, initial microblading procedure and a second microblading procedure after six weeks.

\$400 for initial treatment

\$150 per touch-up after nine months from initial microblading procedure

Hair Removal Waxing

We offer waxing on the following areas of the body: face, eyebrow, lip, leg, bikini, and arms.

We use only a top-of-the-line waxing system.

\$15 to \$50 per treatment

Microneedling

A minimally invasive skin rejuvenation procedure of collagen and elastin, providing you with fresh, smooth skin through a light lifting of the facial skin. This service is ideal for acne scarring, stretch marks and overall skin rejuvenation.

\$300+ per treatment

Threading

This minimally invasive procedure provides profound results without the expense and recovery needed for a surgical face lift. Tiny barbs are placed on a thread that is inserted into the skin, reducing the appearance of sagging skin and tightening fine lines.

\$200+ per treatment
