

## Experts in family medicine

### Pediatrics

MetroHealth pediatricians are recognized leaders in caring for all children from infancy through young adulthood. In addition to routine care for healthy children, we provide primary care for children who have complex needs, with pediatric sub-specialists readily available. We provide same-day sick visits for both minor and more serious illnesses and after-hour services. Our child-centered team also includes behavioral health, specialty trained pediatric nurses and child life services.

### Internal Medicine-Pediatrics

Physicians who provide expert comprehensive care for adult, adolescent and pediatric patients providing a unique continuity experience that meets general and chronic disease needs. This specialty is especially important when treating an entire family or a family genetic predisposition to an illness.

### Family Medicine

Family medicine physicians are experts in providing comprehensive care to the entire family, across all ages and health concerns. They improve the health of patients by understanding the impact of family, culture and community.

### School Health Program

The goal of the School Health Program is to bring high quality primary care to children at school where they learn and grow. The program is offered at over 10 Cleveland Metropolitan School District locations.

### Access to Care

Waiting is the last thing you want to do when your child feels sick. MetroHealth has options to help get them feeling better quicker. The following links will help you learn more about all the ways you can access care for you and your family.

- To access your personal online health management tool for your family, including appointment scheduling, visit [metrohealth.org/mychart](https://metrohealth.org/mychart)
- To learn more about our Department of Pediatrics, visit [metrohealth.org/pediatrics](https://metrohealth.org/pediatrics)
- To schedule your child's primary care appointment online, visit [metrohealth.org/appointments](https://metrohealth.org/appointments)
- MetroExpressCare is a walk-in clinic offered at five of our health centers including a pediatric MetroExpressCare at MetroHealth Main Campus. To see current wait times, visit [metrohealth.org/expresscare](https://metrohealth.org/expresscare)
- To learn more about our School Health Program locations, visit [metrohealth.org/school-health](https://metrohealth.org/school-health)

### About MetroHealth

Founded in 1837, MetroHealth is leading the way to a healthier you and a healthier community through service, teaching, discovery, and teamwork. Cuyahoga County's public, safety-net hospital system, MetroHealth meets people where they are, providing care through four hospitals, four emergency departments, and more than 20 health centers. Each day, our nearly 9,000 employees focus on providing our community with equitable healthcare—through patient-focused research, access to care, and support services—that seeks to eradicate health disparities rooted in systematic barriers. **For more information, visit [metrohealth.org](https://metrohealth.org).**
