

MetroHealth Wellness Wednesday in Spanish: Let's Talk About Telehealth

Wednesday, June 23 at 6:00 p.m. via Zoom

(click [here](#) to register)

**Host: Marielee Santiago, Director of Transformative Knowledge & Education
MetroHealth Institute for H.O.P.E.**

Guest speaker: Albert Ferreira, MetroHealth Director of Telehealth Operations

The health and wellness of our patients and our community is our primary concern at MetroHealth. We offer telehealth services, also referred to as virtual visits, for you to conveniently meet with your MetroHealth provider by phone or video.

Join Marielee and Albert on June 16 at 6 p.m. for a conversation translated into Spanish that will answer these questions and more:

- What is telehealth and how does it work?
- How does telehealth provide access to the care I need from my home?
- What are the benefits?
- Do I need special equipment?
- How do you know if you should use telehealth or see your doctor in person?
- How can someone who is Spanish speaking only access telehealth?

Registration is required to receive the Zoom login information. Please register **here** even if you aren't able to attend on June 16 so we can share a recording of the meeting with you to watch at your convenience. We look forward to answering any questions you may have.
