

PEDIATRIC EMERGENCY Readiness Checklist

PEOPLE

- ☐ Identify someone who can champion pediatric readiness at your agency.
- ☐ Include caregivers in pediatric assessments because they can identify changes in the child's behavior and provide critical history.

PROTOCOLS

- ☐ Review pediatric protocols and confirm clinicians can access them quickly.

PRACTICE

- ☐ Use simulations to practice low-frequency, high-risk situations.

EQUIPMENT

- ☐ Check pediatric equipment for the right sizes, expiration dates and placement.
- ☐ Review weight-based medication tools before they're needed.
